

TWA: Texas Workers Alliance partners with American Income Life to Protect Working Families.

The **No-Cost American Income Partners™ Basic Program** allows members to take advantage of 10-60% discounts on health-related products and services that might not be covered by health benefits. This is not an insurance but a cost saving benefit for our members. Once a member activates their membership card, they simply call the 1-800 number listed on the back of the card for the location of the nearest participating providers. To use the program, members simply present their membership card when paying for the service.

Discounts are taken at the time of purchase, so there are no rebates to collect or forms to fill out. Once again, this is all at no cost to Texas Workers Alliance members.
